08　11 侧面全身 / 12 斜向高位远景

收录说明：共 12 条不同提示词。01 保留用户提供的原文；02-12 采用对话中最后一次带参数的版本。重复的无参数版本不再另列。

核心关键词与组合方法

镜头可以变化；材质、色调、画法与唐风造型共同保持系列一致。

唐代人物	Tang celestial fairy; Tang apsara; Tang cloud bun; translucent pibo ribbons; wide gossamer sleeves
唐代建筑	Tang timber architecture; vermilion columns; substantial dougong brackets; broad low-pitched tiled roofs; deep projecting eaves
琉璃材质	faceted liuli crystal; semi-translucent colored glaze; prismatic refractions
巨型异象	colossal celestial structure; monumental scale; swirling crystal currents
古典配色	muted antique jewel palette; amber gold; malachite green; cinnabar red; lapis blue; smoky lotus purple
绘画质感	soft painterly concept art; mineral pigment grain; delicate brushwork
光与空气	warm Tyndall beams; restrained rainbow halos; drifting gold dust; crystal mist
仙境环境	polished white jade; mirror smooth white cloud sea; distant cranes

固定保留的风格段

> Tang celestial fantasy, Tang timber architecture, faceted liuli crystal, semi-translucent colored glaze, monumental celestial forms, muted antique jewel palette, amber gold, malachite green, cinnabar red, lapis blue, smoky lotus purple, warm Tyndall beams, restrained prismatic refractions, drifting gold dust, soft painterly concept art, mineral pigment grain, delicate brushwork

组合顺序

摄影机角度与景别 → 人物、动作、服饰 → 唐代建筑空间 → 巨型琉璃异象 → 配色、光线、绘画质感 → 参数

统一参数尾缀

> --ar 16:9 --raw --stylize 250 --no cartoon, anime, chibi, comic, text, watermark, logo

最关键的四组词：faceted liuli crystal / muted antique jewel palette / soft painterly concept art / mineral pigment grain。

原始参考与主题变体

01 原始琵琶仙

极低机位 / 广角远景 / 琉璃漩涡

Extreme low angle wide shot: Tang celestial pipa fairy sits cross legged on a polished white jade platform, bottom center, lower 1/3 of frame. Upper 2/3: massive swirling arched vortex of faceted liuli crystal cascading from above, semi translucent colored glaze churning with amber gold, malachite green, cinnabar red, lapis blue, lotus purple; prismatic light refracts along every current. Both sides: stacked gilded Chinese floating palaces, dark wood dougong brackets, blue glazed flying eaves receding into crystal mist. Below: mirror smooth white cloud sea, faint cranes. Fairy wears cinnabar red cropped top, ultra wide malachite green gossamer sleeves, translucent pibo ribbons, gold fleck silk; Tang flying cloud bun, white lotus filigree crown, pearl tassels. Holds dark zitan pipa with jade pegs, carved cloud patterns. Warm Tyndall beams, rainbow arcs, drifting gold dust. Soft painterly concept art, muted antique jewel palette, mineral pigment grain, zero cartoon.

原文未带参数；使用时可在末尾追加第 2 页的统一参数。

02 月轮古琴仙

极低机位 / 广角远景 / 巨型琉璃月环

Extreme low angle wide shot: Tang celestial guqin maiden sits on a floating ivory jade terrace, bottom center, lower 1/3 of frame. Upper 2/3: colossal concentric moon rings of faceted liuli crystal, tilted across the sky, translucent amber gold, celadon green, lapis blue and pale lotus purple; liquid light flowing between the rings like celestial tides. Both sides: gilded Chinese palace towers, dark wood dougong brackets, turquoise glazed flying eaves fading into luminous mist. Below: mirror smooth silver cloud sea, distant white cranes. Maiden wears an ivory silk dress, ultra wide pale jade gossamer sleeves, long cinnabar pibo ribbons, delicate gold embroidery. Tang cloud bun, crescent filigree crown, pearl tassels. A dark zitan guqin rests across her knees, jade tuning pegs, carved lotus details. Warm Tyndall beams, restrained rainbow halos, drifting gold dust. Soft painterly concept art, muted antique jewel palette, mineral pigment grain.

主题变体

03 青鸾吹笛仙

极低机位 / 广角远景 / 琉璃羽翼天穹

Extreme low angle wide shot: Tang celestial flute fairy stands on a narrow white jade bridge, bottom center, lower 1/3 of frame. Upper 2/3: an immense celestial luan bird unfolds translucent faceted liuli wings across the entire sky, layered crystal feathers sweeping into a monumental arch, malachite green, peacock blue, amber gold and muted violet; prismatic light glowing through every feather. Both sides: stacked gilded Chinese floating pavilions, dark carved columns, blue glazed flying eaves suspended among crystal mist. Below: still white cloud sea reflecting the luminous wings. Fairy wears a pale lotus pink silk gown, ultra wide emerald gossamer sleeves, translucent pibo ribbons trailing upward. Tang flying cloud bun, gold feather crown, pearl chains. Holds a white jade flute with cinnabar silk tassels. Warm backlit haze, delicate rainbow refractions, drifting gold dust. Soft painterly concept art, muted antique jewel palette, mineral pigment grain.

--ar 16:9 --raw --stylize 250 --no cartoon, anime, chibi, comic, text, watermark, logo

04 莲台飞天舞姬

极低机位 / 广角远景 / 倒悬琉璃莲花

Extreme low angle wide shot: Tang celestial apsara dancer balances barefoot on a polished white jade lotus pedestal, bottom center, lower 1/3 of frame, graceful curved posture, one arm lifted. Upper 2/3: a gigantic inverted lotus of faceted liuli crystal blossoms downward from the heavens, concentric translucent petals curling into a cathedral scale canopy, cinnabar red, amber gold, malachite green, smoky lotus purple and lapis blue; luminous crystal droplets suspended beneath the petals. Both sides: gilded Chinese floating palaces with dark wood dougong brackets and jade green flying eaves. Below: mirror smooth pearl white cloud sea, scattered distant lotus platforms. Dancer wears a cinnabar cropped silk top, flowing ivory skirt, ultra wide green gossamer sleeves, long translucent pibo ribbons spiraling around the pedestal. Tang cloud bun, white lotus filigree crown, pearl tassels. Warm Tyndall beams, subtle spectral arcs, drifting gold dust. Soft painterly concept art, muted antique jewel palette, mineral pigment grain.

主题变体

05 天宫编钟仙

极低机位 / 广角远景 / 巨型琉璃星河

Extreme low angle wide shot: Tang celestial musician kneels beside a gilded bronze bianzhong chime rack on a polished white jade platform, bottom center, lower 1/3 of frame. Upper 2/3: a monumental river of faceted liuli crystal curves overhead in a vast horseshoe arch, translucent currents carrying suspended golden stars, amber gold, deep malachite green, cinnabar red and muted lapis blue; luminous ripples spreading through the crystal sky with each struck bell. Both sides: tiered Chinese floating palaces, dark wood dougong brackets, cobalt glazed flying eaves receding into mist. Below: quiet white cloud sea, faint crane silhouettes. Musician wears a dark teal silk robe, broad ivory gossamer sleeves, vermilion pibo ribbons, fine gold cloud embroidery. Tang high cloud bun, delicate jade crown, pearl tassels. Holds two slender carved sandalwood mallets. Warm Tyndall beams, soft rainbow refractions, drifting gold dust. Soft painterly concept art, muted antique jewel palette, mineral pigment grain.

--ar 16:9 --raw --stylize 250 --no cartoon, anime, chibi, comic, text, watermark, logo

06 龙宫执灯仙

极低机位 / 广角远景 / 双龙琉璃天门

Extreme low angle wide shot: Tang celestial lantern maiden stands on a circular polished white jade terrace, bottom center, lower 1/3 of frame. Upper 2/3: two enormous Chinese dragons sculpted from semi translucent faceted liuli crystal coil upward into a towering circular heavenly gate, long flowing whiskers, layered crystalline scales, amber gold, malachite green, cinnabar red, lapis blue and smoky purple; their bodies dissolve into swirling ribbons of colored light. Both sides: stacked gilded Chinese floating palaces, dark wood dougong brackets, turquoise glazed flying eaves emerging from crystal mist. Below: mirror smooth white cloud sea reflecting the dragon gate. Maiden wears an ivory silk gown, ultra wide cinnabar gossamer sleeves, emerald pibo ribbons, gold fleck embroidery. Tang flying cloud bun, lotus jade crown, pearl tassels. Holds a delicate gilded lotus lantern glowing with warm amber light. Volumetric Tyndall beams, restrained rainbow arcs, drifting gold dust. Soft painterly concept art, muted antique jewel palette, mineral pigment grain.

摄影机角度与建筑变体

07 面部特写

平视三分之四侧面 / 唐宫朱柱回廊

Intimate eye level close-up portrait, three-quarter view: Tang celestial pipa fairy, face and shoulders filling the frame, serene expression, eyes gently lowered. Delicate Tang makeup, small cinnabar huadian between the brows, subtle vermilion lips. Tall cloud bun, white jade lotus filigree crown, fine pearl tassels brushing her cheeks. A dark zitan pipa neck enters the foreground beside her face, jade tuning pegs catching the light. Cinnabar silk neckline, translucent malachite green sleeve edges, gold fleck pibo ribbons. Behind her: softly blurred Tang palace corridor, vermilion timber columns, substantial dougong brackets, broad gently sweeping tiled eaves. Beyond the corridor, faceted liuli crystal currents glow in amber gold, lapis blue and smoky lotus purple. Soft prismatic reflections across her cheeks, warm window light, suspended gold dust. Shallow depth of field expressed through painterly softness, muted antique jewel palette, mineral pigment grain, delicate brushwork.

08 半身正面

平视腰部以上 / 唐代水榭

Eye level medium shot, waist-up frontal composition: Tang celestial flute maiden positioned slightly left of center, both hands clearly visible holding a white jade transverse flute near her lips. Pale ivory silk bodice, ultra wide malachite green gossamer sleeves, cinnabar pibo ribbons drifting across the lower foreground. Tang cloud bun, delicate gold floral crown, pearl tassels. Behind her: an open Tang timber waterside pavilion, vermilion columns, substantial dougong brackets, a broad hipped roof with gently lifted corners, green glazed tiles, simple wooden balustrades. Through the open pavilion, a colossal translucent liuli lotus rises from still water, faceted petals glowing in amber gold, muted lapis blue and lotus purple. Reflected crystal light washes across her sleeves and the wooden columns. Warm afternoon Tyndall beams, faint rainbow reflections, drifting gold dust. Soft painterly concept art, muted antique jewel palette, mineral pigment grain, graceful restrained detail.

摄影机角度与建筑变体

09 垂直俯视

正上方鸟瞰 / 唐宫庭院莲台

Direct overhead bird's-eye view, camera looking vertically downward: Tang celestial apsara dancer at the center of a circular polished white jade lotus platform, her flowing ivory skirt forming a soft radial shape. Cinnabar silk top, ultra wide malachite green sleeves, long translucent pibo ribbons tracing asymmetric spirals around her body. Dark Tang cloud bun crowned with white jade lotus ornaments. Surrounding the platform: shallow mirror pools filled with submerged faceted liuli petals, amber gold, lapis blue, cinnabar red and smoky purple. The pools form a geometric Tang palace courtyard, bordered by pale stone paths and vermilion timber colonnades; broad green tiled corridor roofs enter along the frame edges. Scattered lotus leaves, delicate crane shadows, suspended crystal fragments. Warm diagonal sunlight, gentle prismatic caustics across jade and water, drifting gold dust. Soft painterly concept art, muted antique jewel palette, mineral pigment grain, clear ornamental composition.

10 背后过肩

过肩中景 / 唐代山寺大殿

Over-the-shoulder medium shot from behind a seated Tang celestial guqin maiden: her shoulder, dark cloud bun and pearl tassels occupy the left foreground, her hands and the dark zitan guqin extending across the lower frame. Ivory silk robe, wide pale jade sleeves, cinnabar pibo ribbons resting on a polished stone terrace. Ahead: a monumental Tang mountain temple hall on a raised stone platform, sturdy vermilion timber columns, substantial exposed dougong brackets, broad low-pitched gray tiled roof, deep projecting eaves, restrained gilded fittings. Behind the hall, an immense arched river of faceted liuli crystal flows between distant mountains, translucent amber gold, malachite green, lapis blue and smoky lotus purple. White cloud sea gathers below the temple steps, faint cranes crossing the crystal mist. Warm side light, prismatic highlights along the guqin strings, drifting gold dust. Soft painterly concept art, muted antique jewel palette, mineral pigment grain, contemplative atmosphere.

摄影机角度与建筑变体

11 侧面全身

平视侧面 / 唐代木构楼阁

Eye level side-profile full-body shot: Tang celestial pipa fairy seated cross-legged on a narrow white jade balcony, placed in the right third of the frame, facing left into open sky. Her dark zitan pipa rests upright against her body, jade tuning pegs and carved cloud patterns visible in profile. Cinnabar cropped silk top, flowing ivory skirt, ultra wide malachite green gossamer sleeves, translucent pibo ribbons streaming horizontally into the open space. Tang flying cloud bun, white lotus filigree crown, pearl tassels. Behind her: a Tang timber palace tower, heavy vermilion columns, substantial dougong brackets, simple wooden railings, broad blue-green tiled roofs with deep gently sweeping eaves. Left side: a vast suspended liuli waterfall, faceted translucent currents in amber gold, lapis blue and smoky purple, descending into a pearl white cloud sea. Warm rim light, delicate rainbow spray, drifting gold dust. Soft painterly concept art, muted antique jewel palette, mineral pigment grain.

--ar 16:9 --raw --stylize 250 --no cartoon, anime, chibi, comic, text, watermark, logo

12 斜向高位远景

四十五度俯视 / 唐宫中轴群殿

High oblique aerial wide shot, looking downward at a forty-five-degree angle: a vast Tang celestial palace complex arranged along a clear central axis, monumental timber halls on raised pale stone terraces, vermilion colonnades, substantial dougong brackets, broad amber and green glazed roofs with deep gently sweeping eaves. Covered corridors connect layered courtyards, lotus pools and wide ceremonial stairs. In the lower right foreground, a small Tang lantern maiden stands on a white jade terrace, ivory silk gown, cinnabar sleeves, emerald pibo ribbons, holding a glowing gilded lotus lantern. Across the upper left, a colossal crescent-shaped current of faceted liuli crystal curls around the palace complex, translucent amber gold, malachite green, lapis blue and smoky lotus purple. White cloud sea flows between the terraces, distant cranes tracing the palace axis. Warm sunrise haze, restrained prismatic reflections across rooftops, drifting gold dust. Soft painterly concept art, muted antique jewel palette, mineral pigment grain, majestic spatial depth.
